A421 Overnight Closures

Monday 2 to Friday 5 October and Monday 23 to 27 October 2023

What is happening?

Before we move into full construction at the end of the year, we need to close the A421 overnight between the Black Cat roundabout and Renhold junction for preparatory works.

How will this affect me?

We are closing this stretch of the A421 to install 40mph speed restrictions, roadworks signs, safety barriers, narrow lanes, speed cameras and CCTV. We will also be reconstructing the existing central reservation which will allow us to keep two lanes open on the A421 eastbound when we move into construction.

These overnight closures will happen in two phases, as follows:

A421 Eastbound Monday 2 to Thursday 5 October 2023 (four nights)
21:00hrs-06:00hrs (9pm-6am)

A421 Eastbound Monday 23 to Tuesday 24 October 2023 (two nights)
A421 Westbound Wednesday 25 to Friday 27 October 2023 (three nights)
21:00hrs-06:00hrs (9pm-6am)

The diversion route will be clearly signed from Cardington and Sandy, as follows:

A421 eastbound: eastbound traffic diverted via the A603 at Cardington to A1 northbound at Sandy to Black Cat roundabout.

A421 westbound: westbound traffic via the A1 Black Cat roundabout southbound to Sandy to the A603 to join the A421 westbound at Cardington.

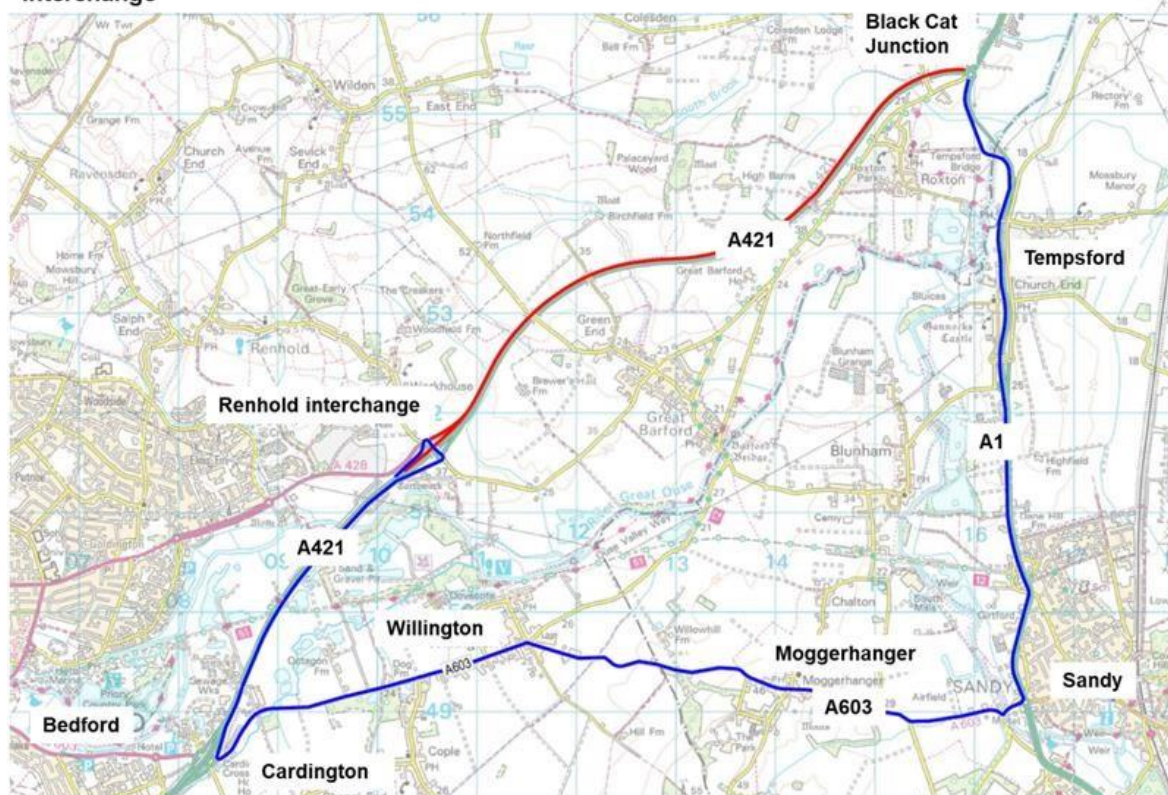

We invite you to visit our [website](#) to keep up to date with **upcoming and future road closures**.

Please remember:

- Traffic approaching the closure location shortly before 9pm is likely to be subject to the diversion while the closure is put in place.
- We always try to stick to timings; however, these closures may be amended due to poor weather or operational reasons.
- You can get real-time traffic information via www.trafficengland.com.

Diversion via A603 for A421 overnight closures between Black Cat roundabout (A1) and Renhold Interchange

— Road closure — Eastbound and Westbound Diversion route

National Highways Maintenance Works – A421 overnight closure, A603 to Renhold

The National Highways Operations team will be carrying out safety barriers inspection works on the A421 eastbound between Cardington and Renhold interchange junction.

The overnight closures will happen on Monday 2 and Tuesday 3 October 2023, from 8pm to 6am. The diversion will be via the A603 at Cardington to A1 northbound at Sandy to Black Cat roundabout.

To carry out the work safely and to avoid closing the road multiple times, we are collaborating with the Operations team to prevent additional closures.

Keeping you updated

If you'd like more information about this work, then please feel free to contact us by calling the 24/7 National Highways Customer Contact Centre on 0300 123 5000, email info@a428.co.uk
